

Summit Programme*

Policy, regulation, future outlook, business strategies, financing and investment

European Utility Week

A 3-day programme focussing on strategy and vision. Presented by high level industry experts, this programme showcases their insights into the future of the industry and identifies key innovative technologies, business models and policy and regulation.

DAY 1 - 12th November		DAY 2 - 13th November			DAY 3 - 14th November	
10:00 – 12:00	14:00 – 17:30	09:30 – 11:00	11:30 – 13:00	14:00 – 17:30	10:00 – 13:00	14:00 – 16:00
Opening Keynote Energy in Europe: Where do we stand? 	The New Energy Mix	Opening Keynote Day 2 Who owns the data? 	The New Energy Mix			Closing Keynote The Future Role of Gas in the European Energy Transition Free for all visitors to attend!
	Innovations for High-Share VRE Power Systems		The New Energy Mix	Resilience and Efficiency: The Perks of The Grid Edge in a Decentralised Digital Energy Future	Sector Coupling	
	Energy Markets		Energy Markets			
	Decarbonizing the Industry - The most Profitable Opportunities		New value opportunities - Real cases of value, Challenges & Enablers	New Players Startups and their Strategies	Retail Markets Creating long term value	
	Digitalisation		Digitalisation			
	The Digital Ecosystem Where is Digitalisation taking us?		The Digital Utility Transformation What is the current Roadmap?	Digital Technologies Solving Problems	Democratising Energy via Digitalisation Data in the service of the Digital Citizen Ethics	
	C&I Energy Users		C&I Energy Users			
	Masterclasses		Strategic Energy Challenges for Corporates	Procurement	Energy Management and Efficiency – C&I Case Studies	

To attend these sessions you must have a Summit Pass.

Hub Sessions Programme*

Real life project experiences highlighting innovative technologies and solutions.
The Hub Sessions take place on the exhibition floor and are free-to-attend.

European
Utility Week

	DAY 1 - 12th November		DAY 2 - 13th November			DAY 3 - 14th November		
	10:00 – 13:30	14:00 – 17:30	09:30 – 11:00	11:30 – 13:00	14:00 – 17:30	10:00 – 13:00	14:00 – 16:00	
THEATRE	ENERGY REVOLUTION						Closing Keynote Summit Session is free for all visitors to attend!	
1		Electrification of Transport: Opportunities	EU Policy Monitoring & Assessing The Smartness of The Networks		A Secured Grid Operation 4.0	Hydrogen		
2		What's hot in Storage?	Fostering innovation for the power sector transformation		Moving from A to B. Electrification or not?	Gas in a decarbonized strategy		Use of Data for water utilities
	DIGITALISATION							
3		Blockchain, AI, VR, AR, Digital Twin	Future Enabling Technologies	Protocols	Cyber Security	IoT Platforms for Utilities		
4		Consumer and the Digital Utility	Smart Metering		Connected Spaces	Smart Metering panel to be announced		
	ENERGY MARKETS							
5 (Gas Markets)	Focus: Nordics	EU Gas Market Design & Infrastructure	Sector Coupling & LNG Market Updates		Renewable Gas Markets			
6 (Power Markets)		Monetizing Flex	Power Price Drivers		Innovation in Trading	Monetizing Flex - session 2		
	LIFECYCLE MANAGEMENT							
7		Cyber Security	Digitalisation in Generation	Digital Solutions for Gas Turbines	Gas Turbine Flexibility	O&M in Gas Generation		
8		Plant Optimisation - Steam cycle Operations	Plant Optimisation - Emissions Control	Plant Optimisation - Refurbishments & Life Extensions	Nuclear Plant O&M	Re-imagining coal power plants		
	DISTRIBUTED GENERATION							
9		The Future Role of Gas Turbines	Gas engine systems versatility in a changing energy future		Low carbon generation in district heating and cooling	Industrial Cogeneration		
10		Renewable Fuels in Generation	Emerging Renewable Technologies	Hydrogen & Power-to-X	Renewable Energy Integration	Hybrid Plants & Clean Energy Hubs		

These Hub Sessions are free-to-attend with a Visitor Pass.
