

## Impacts, Achievements and Success Stories of EU-funded projects supporting EU companies towards the Clean Energy Transition

Webinar - 22 April 2021, 9:30 to 12:30

Check out the [Agenda](#) and click [here](#) to get registered!

### Session 1: Impact of EU-funded projects promoting the market uptake of energy efficiency measures in the industry and services sectors

Moderated by *Adrien Bullier, CINEA*

- 9:30
  - Welcome and opening remarks (*Speaker tbd, CINEA*)
  - Overview of the Horizon 2020 support to the Clean Energy Transition of EU companies (*Filippo Gasparin, CINEA*)
  - Overview of the results of 41 EU-funded projects (*Louise Evans and Alexander Kauffmann, Ricardo Energy & Environment*)
  - **Questions and answers**
- 10:20
  - Success stories identified during the impact assessment (*Duncan Woods, Ricardo Energy & Environment*)
  - The ENERWATER project: a European standard to assess the energy performance of waste water treatment plants (*Almudena Hospido, Universidade de Santiago de Compostela*)
  - The M-Benefits project: assessing and communicating the multiple benefits of energy efficiency (*Clemens Rohde, Fraunhofer ISI*)
  - **Questions and answers**

### Session 2: EU policy perspective on energy efficiency in industry and services

Moderated by *Maria Laguna, CINEA*

- 11:10
  - The European Green Deal and the review of the Energy Efficiency Directive (*Ian Hodgson, DG ENER*)
  - The LIFE Clean Energy Transition sub-programme (*Margot Pinault, DG ENER*)
  - The New Industrial Strategy (*Philippe Moseley, DG GROW*)
  - **Questions and answers**
- 11:50
  - Market priorities and needs vis-à-vis the Clean Energy Transition resulting from the stakeholder survey (*Samantha Morgan-Price, Ricardo Energy & Environment*)
  - Main conclusions and recommendations drawn on the basis of the impact assessment (*Louise Evans, Ricardo Energy & Environment*)
  - **Questions and answers**
- 12:20
  - Conclusions (*Maria Laguna, CINEA*)

**Note:** On 1<sup>st</sup> April 2021, the energy efficiency part of Horizon 2020 will be transferred from EASME to the newly created European Climate, Infrastructure and Environment Executive Agency (CINEA).
